

GT125 Web Interface

Neviweb® is a registered trademark of Sinopé Technologies Inc. in Canada and the United States.

OTH2750-GT

Wireless Communication Programmable Electronic Thermostat

CSA-C828-06
Performance Standard

Try the platform : www.demo.neviweb.com

Remote access requires an Internet connection and a GT125 Web interface (not included).

GT125 Features

Type

- Web interface that provides remote access to all your neviweb®-compatible products.
- Transmitter module:
IC: 7693A-89XAM9A
FCC ID: OA3MRF89XAM9A

Color

- Standard: black.

Voltage

- 120V adapter included.

Internet connection

- Ethernet cable included.

Control

- Connect up to 250 neviweb®-compatible wireless devices to one gateway.

Protocol

- Secure and encrypted.

Installation

- Desk support included.

Application

- Neviweb®-compatible controls.

Warranty

- 5-year warranty against defects.

OTH2750-GT Features

Type

- Wireless communication programmable electronic proportional pulsing line voltage thermostat.
- Transmitter module:
IC: 7693A-89XAM9A
FCC ID: OA3MRF89XAM9

Color

- Standard: white.

Voltage

- 120/208/240V, 50/60 Hz.

Rating

- Maximum load: 11.5A at 120/208/240V.
Minimum load: 0.5A at 120/208/240V.

Temperature range

- 5 °C (41 °F) to 30 °C (86 °F).

Control

- 10-minute cycle (forced-air heater) or 15-second cycle (convector).
- Resolution: 0.5 °C (1 °F).
- Precision: ± 0.15 °C (0.27 °F) on 15-second cycle.
- Precision: ± 0.5 °C (0.1 °F) on 10-minute cycle.

Display

- Digital screen with white LED backlit.
- Display fan-forced heater mode and keypad lock (when activated).
- Temperature display format (°C or °F) and time format (24h or 12h).
- **Programming features are accessible only through the neviweb® Web platform. Connection requires a GT125 interface.**

Installation

- 2-wire thermostat, easy to install.

Application

- Baseboard heater, radiant ceiling, convector and forced-air heater.

Warranty

- 5-year warranty against defects.
