

OVV Bath Fans

Quiet Models with Light

With their built-in lighting fixtures, these elegant, high-performance fans enhance bathroom lighting and feature night lights on certain models. Model AP80-RVL is approved for in-shower installation when installed according to specifications.

Product #	cfm	Sones	Capacity (sq. ft.)	Duct (in.)	Watts	Light	Night Light	Weight	
								lb	kg

Super Quiet Models

(1 Sones and less)

With models that produce as little as ≤ 0.3 sones, the quietest room in the house just got quieter. Approved for wall and ceiling installation, our slim profile fans (housing dimension: 11 1/4" x 10 1/2" x 5 7/8") are the ideal choice for renovations and fit almost any size bathroom.
